

REGIONAL RESEARCH SYMPOSIUM ON PBL (RRSPBL-2024)

Dec 19th – 21st 2024

Advisory Committee

Prof. S Ramachandram
Vice Chancellor, Anurag University

Prof. Anette Kolmos
Director, UNESCO Centre for PBL,
Aalborg University, Denmark

Prof. Khairiyah Mohd
Yusof Director, Centre for Engineering
Education Universiti Teknologi Malaysia

Prof. Krishna Vedula
Executive Director, IUCEE UMass Lowell

Prof. Brian deLacy Figaji
Advisory Board Member, UNESCO PBL
centres at Aalborg and Tsinghua

CALL FOR SPONSORSHIP

Problem Based and Project Based Learning (PBL) are important practices of student engagement in education all over the world. These two approaches have made significant inroads into engineering education as well. Recognizing the importance of PBL, Anurag University is hosting Regional Research Symposium on PBL during December 19-21, 2024.

This Symposium is being organized in collaboration with UNESCO Centre for PBL in Engineering Science and Sustainability located at Aalborg University, Denmark. Indo-Universal Collaboration for Engineering Education is partnering with us.

We expect participation from academic institutions in the Asia Pacific Region (predominantly from India) who are practicing and wanting to practice PBL. The symposium welcomes industry participation at all levels, which includes the technical program, especially workshops and vendor exhibition. Details about these and the symposium are available at the conference website:

www.rrspbl.co.in

Various sponsorship opportunities are available as listed below. Sponsors are encouraged to participate in defining the industry, research, and user symposium events. Companies and R&D laboratories are encouraged to present their exhibits at the conference. The following sponsorship levels are available. Each level comes with complimentary registrations as listed below.

SPONSORSHIP LEVEL	COST	NUMBER OF FREE REGISTRATIONS
Platinum	Platinum	06
Gold	Gold	04
Silver	Silver	02

Note:

Complimentary registrations are non-transferable. Additionally, each sponsor receives the following complimentary benefits:

Booth at conference exhibition

Logo on website, publicity materials, and program booklet

Link from RRSPBL page to a microsite of your choice

Option to conduct one two-hour workshop with room for 70+ attendees (for platinum level only)

*Additional full conference passes may be purchased by sponsors at all levels.

Note all sponsorship invoicing and payments must be completed by August 30th, 2024.
